The time and place of regular meetings of the Board shall be determined by resolution adopted by the Board. A copy of such resolution shall be furnished to each party hereto. The Chairman shall be entitled to exercise his full voting rights on all questions before the Board and need not relinquish the chair to discuss a question before the Board.

(2) A Vice Chairman shall be selected and hold office in the same manner as the Chairman and in the absence of the Chairman shall preside and hold the same powers as if he were the Chairman.

(3) A Secretary shall also be selected from the Board by its directors.

The Treasurer so designated shall:

(a) Receive and receipt for all money of the Authority and place it in the treasury of the Treasurer to the credit of the Authority.

(b) Be responsible upon his official bond for the safekeeping and disbursement of all Authority money so held by him.

(c) Pay, when due, out of money of the Authority so held by him, all sums payable on outstanding bonds and coupons of the Authority.

(d) Pay any other sums due from the Authority from Authority money, or any portion thereof, only upon warrants drawn against the Authority, duly authorized by the Board and executed by two directors.

(e) Verify and report in writing on the first day of July, October, January and April of each year,

to the Authority, and to each of the member agencies, the amount of money he holds for the Authority, the amount of receipts since his last report, and the amount paid out since his last report.

(3) Others. The Board may employ or contract for the services of individuals or other staff positions as necessary to assist in the administration and execution of the functions of the Authority.

(J) Charges for Services. Charges for the services of the manager, the treasurer, and other administrative or operating personnel supplied by any member agency shall be jointly agreed upon with the member agency or member agencies furnishing the services in advance of receipt of said services.

(K) Officers, Employees and Agents. Any officer, employee or agent of the Authority may also be an officer, employee, or agent of any member agency. The appointment or employment by the Board of such a person shall constitute a determination that the two positions are compatible. Notwithstanding the above, the Manager and the Treasurer, shall not be employees of the same member agency without the unanimous consent of the complete Board of Directors.

All privileges and immunities from liability, all exemptions from laws, ordinances and rules, and all pension, relief, disability, workmen's compensation, and other benefits which apply to the activities of officers, agents, or employees of a member agency when performing their respective functions shall apply to them to the same degree and extent while engaged in the performance of any of the functions and other duties under this agreement.

None of the officers, agents, or employees directly employed by the Authority shall be deemed by reason of their employment by the Authority, to be employed by any member agency or to be subject to any of the requirements of any member agency.

(L) Accounting and Audits. There shall be a strict accountability of all Authority funds and report of all receipts and disbursements in compliance with Article I, Chapter 5, Division 7, Title I of the Government Code (Section 6500 et seq.). The Board, acting as controller, shall contract with a certified public

accountant or public accountants to make an annual audit of the accounts and records of the Authority. In each case the minimum requirements of the audit shall be those prescribed by the State Controller for special districts under Section 26909 of the Government Code and shall conform to generally accepted auditing standards. The records and accounts of the Authority shall be audited annually, and a report thereof shall be filed as a public record with the Authority and with each of its member agencies and the San Mateo County Auditor, not later than six (6) months following the end of the fiscal year under examination. Any costs of the audit, including contracts with or employment of, a certified public accountant or public accountants shall be borne by the Authority and shall be charged against its general fund.

(M) Access to Property. The manager and treasurer are hereby designated as the persons who have charge of, handle, and have access to the property of the Authority. Each such person shall file with the Authority an official bond in an amount to be fixed by the Board. Cost of said bond shall be paid by the Authority.

(N) Minutes. The secretary of the Authority shall cause to be kept minutes of regular, adjourned regular and special meetings of the Board, and shall cause a copy of the minutes to be forwarded to each director and to each of the member agencies hereto within a reasonable time which shall be fixed by the Board.

(O) Rules. The Board may adopt from time to time such rules and regulations for the conduct of its affairs as may be required. Parliamentary rules and procedures shall be those prescribed in Roberts Rules of Order. Any documents required to be executed by the Authority shall be signed by the Chairman and countersigned by the Secretary, except that the Board may, by resolution, authorize other officers or employees to sign on behalf of the Authority.

IV. PLANNING

4.766
(A) Planning Policy. In keeping with the purpose of this Agreement, the member agencies hereby authorize and direct the Board to undertake such studies and planning relative to the combined service areas of the member agencies as may be necessary, to provide

for the joint collection, transmission, treatment, and disposal of sewage of each of the member agencies. The specific objective of such studies shall be to develop regional solutions to the wastewater treatment and management problems which will be in accordance with all applicable federal, state and regional water quality control requirements, consistent with demographic studies applicable within the jurisdiction of Authority, and planned so as not to result in unreasonable financial burdens on the member agencies whatever course future development of the area might take. It is understood by the parties that this agreement shall not affect the rights or powers of any member agency to plan and/or construct sewer facilities independently.

The studies may include proposals for construction of joint collection systems, trunk and interceptor lines, treatment plans, and disposal systems. The studies may also include proposals to be used in conjunction with facilities not within the Authority's jurisdiction. Any studies shall consider all phases of planning, design, construction, maintenance and operation of facilities proposed by the Authority, and allocation to benefited member agencies of capital, maintenance and operating costs.

(B) Present Project. The member agencies agree that the initial project for the Authority shall be as set forth in the joint letter of understanding, marked Exhibit "B", attached hereto and by this reference incorporated herein.

V. BUDGETS AND PAYMENTS

(A) General Budget. Within sixty (60) days after the first meeting of the Board, a general budget shall be prepared for the balance of the fiscal year. Thereafter at or prior to each March meeting of the Board, a general budget shall be prepared for the ensuing fiscal year. The initial budget and each succeeding general budget shall include the following:

(1) the general administrative expenses of the Authority to be incurred during the period covered by the budget. Each member agency shall, within thirty days of execution of this Agreement, deposit into the general fund an amount obtained by applying to the sum of initial general administrative expenses the

percentage of that member agency's voting rights;

(2) the expenses of operating and maintaining any improvements operated or maintained by the Authority;

(3) all revenues accruing to the Authority, including the assessments allocated among the member agencies to cover the general administrative, operating and maintenance expenditures;

(4) At the time of its preparation a general budget shall be submitted immediately to the governing bodies of the member agencies for approval pursuant to Article III, Section (G) above, final approval of a general budget shall require the prior consent of all member agencies.

Final approval shall be made by the Board within thirty (30) days after preparation of the initial general budget and by July 1st following preparation of each succeeding budget. A copy of the general budget shall be filed with each member agency.

(5) Each member agency hereby agrees to include in each annual budget approved by the governing body of such member agency amounts estimated to be sufficient to pay all such charges and to pay to the Authority within thirty days of receipt of a statement of the member agency's allocated share of the actual general budget expenses for the billing period as determined by the Board. The Authority is hereby authorized to take any or all legal actions necessary and permitted by law to enforce the collection of such charges or any other compliance with this agreement, including, but not limited to, actions or proceedings in mandamus to require each member agency to include the amounts estimated to be necessary in each such estimated annual budget, or to collect such charges from the taxpayers, landowners, or users of any of the facilities of the Authority.

(B) Project Budgets. In addition to the General Budget, the Board shall, prior to its initiation of a project, approve the project in concept and have a project budget prepared. Each Project Budget may include the following:

- (1) the Authority's administrative expenses allocated to the project;
- (2) the cost of studies and planning for the project;
- (3) the cost of the engineering and construction of the project;
- (4) the allocation among the participating member agencies of the total project costs including but not necessarily limited to administration, planning, design, construction and operation and maintenance;
- (5) any revenues accruing to the Authority for the project from whatever source.

After the preparation of a Project Budget, it shall be submitted immediately to each member agency proposed by the Board to be a participant and to be obligated for the payment of any amount thereunder. The Authority shall not incur any expense for the project until the Project Budget has been approved by the governing body of each of the proposed participating member agencies. Consent of the participating member agencies shall be required within a reasonable length of time, said time to be determined by the Board when the Project Budget is prepared. Upon approval by all of the participating member agencies, the Board shall adopt the Project Budget and file a copy of same with each of the participating member agencies.

(C) Effect of Failure of Approval of Budgets.

(1) General Budget. If a general budget fails to attain the approval required by Section (A) hereof, the director(s) of consenting member agencies may treat the refusal of a dissenting member agency to approve the budget as a request for withdrawal from the Authority and the remaining members may thereafter, upon giving the non-consenting member agency thirty (30) days notice, proceed with the adoption of a revised budget and the non-consenting member agency shall not be obligated for future debts of the Authority nor shall it receive any benefits therefrom.

Pertaining to past debt obligations, however, the non-consenting member agency shall continue to be obligated for the operation and maintenance costs, under the original allocation formula, of any project in which it continues to derive benefits.

(2) Project Budget. If a Project Budget fails to attain the approval required by Section (B) hereof, the director(s) of consenting participating member agencies may treat the refusal of a dissenting member agency to approve the budget as a request for withdrawal from the project concerned, but not from the Authority, and the remaining participating member agencies may thereafter, upon giving the non-consenting member agency thirty (30) days notice, proceed with the adoption of a revised budget and the non-consenting member agency shall not be obligated for future debts of the project concerned nor shall it receive any benefits therefrom. The cost of preparing the Project Budget shall be divided among the proposed participating member agencies in proportion to allocation of costs to said members in the current general budget.

(D) Contributions; Payments and Advances, Use of Personnel; Equipment or Property; Exchange of Services. It is hereby agreed that:

(1) contributions from a member agency's treasury may be made for the purpose set forth in the Agreement;

(2) payments of public funds of a member agency may be made to defray the cost of such purpose;

(3) each of the member agencies may make advances of public funds, to be repaid as set forth in the Agreement;

(4) personnel, equipment or property may be used in lieu of other contributions or advances, however, all member agencies must agree upon the value to be assigned the personnel, equipment, property or services, with respect to any said contributions or advances;

(5) the member agencies may exchange services without payment of any consideration other than such services.

VII. MAINTENANCE AND OPERATION OF FACILITIES

(A) Maintenance and Operation of Facilities. The Board shall determine, prior to the construction of any project, whether or not the Authority shall maintain and/or operate such facilities. If the Authority is to maintain and/or operate such facilities, it shall do so in an efficient and economical manner, and in a manner not detrimental to the member agencies. It is the intent of the parties that any project may be maintained and operated in the name of the Authority. If it is determined that one or more of the member agencies shall maintain and/or operate said facilities, said member agencies shall by written agreement consent thereto prior to the construction thereof.

VIII. PROPERTY RIGHTS

(A) Project Facilities. All facilities constructed by the Authority shall be held in the name of the Authority for the benefit of the membership of the Authority in accordance with the terms of this Agreement. Capacity rights in respect to project facilities shall be held for the benefit of the participating member agencies in proportion to each member agency's agreed percentage of capacity rights in such project facility. It is the intent of the foregoing provision that the Authority shall not acquire any unallocated capacity rights in any facility for disposal or use, except for the benefit of the participating member agencies in proportion to their percentage of capacity rights in said facility. Capacity rights may not be reallocated, sold, leased, assigned, or in any way transferred, whether voluntarily, or pursuant to litigation and/or administrative proceedings initiated by, in concert with, with the consent of, or on behalf of the member agency or agencies seeking any such transfers, unless the member agency or agencies, whose capacity rights may be so diminished thereby, shall give written consent to such transfer. X

(B) Distribution of Assets and Termination of the Authority. To the extent that any funds (or property in lieu of funds) received from any member agency are used for the construction

of facilities, the same shall be allocated annually on the books of the Authority to the credit of said contributing member agency. Upon termination or dissolution of the Authority herein created, the facilities, and any funds, in possession of the Authority at such time shall be distributed in kind or sold, and the proceeds thereof distributed to the member agencies at the time of termination and in proportion as their interests appear on the books of the Authority.

(C) Liabilities. Any liability incurred by the Authority during the course of its existence shall be discharged by payments hereby agreed to be made to the Authority by each of the parties hereto in proportion to their contribution or approved participation in facilities of the Authority for which the liability is attributable. Except as hereinabove provided, the debts, liabilities, and obligations of the Authority shall be the debts, liabilities or obligations of the Authority alone and not of the parties to this Agreement.

(D) Failure to Meet Discharge Requirements - Separate Effluent Discharge. The Authority shall cause the effluent of each member agency to be monitored to determine whether or not Federal and/or State discharge requirements are being met. The member agency or agencies responsible for the violation shall be solely responsible for any fines levied or criminal sanctions imposed as a result thereof.

(E) Failure to Meet Discharge Requirements - Combined Effluent Discharge. If the effluent of the member agencies is combined, and the combined effluent at the point of ultimate discharge into the receiving water fails to meet discharge requirements, the member agency or agencies responsible for the violation shall be solely responsible for any fines levied or criminal sanctions imposed. In this regard, the member agency or agencies responsible for the violations shall hold harmless the Authority and the other non-violating member agencies from all liability and/or damages incurred by said Authority and/or member agencies as a direct and proximate result of said violation, including, but not limited to, legal, engineering, and administrative expense and direct or indirect damages incurred by the Authority or the member agency as a result of a cease and desist order or court injunction from any State or Federal agency restricting construction within the jurisdictional

limits of said Authority or member agency. In the event two or more member agencies are responsible for failure of the combined effluent to meet discharge requirements as above provided, the member agencies responsible for the violation shall be jointly and severally responsible to the Authority and to the other non-violating member agencies. Upon notification of such violation, the member agency or agencies shall take prompt, corrective action as necessary to meet said discharge requirements. If any member Agency fails to take such action, the Authority by unanimous vote of the Board (excluding those members of the Board who are representatives of the member Agency or Agencies who are in violation of the discharge requirements) may elect to do either one or both of the following:

(a) Have undertaken at the cost and expense of the violating member agency or agencies the construction of such additional treatment facilities as are necessary to meet said discharge requirements.

(b) Impose a prohibition of additional connections to the collection system of the member agency or agencies in violation.

Nothing in this Section shall preclude one or more agencies from providing additional levels of treatment to insure meeting waste discharge requirements in the combined effluent. In the event that one or more member agencies are obligated to provide additional levels of treatment to meet waste discharge requirements for the combined effluent, all member agencies requiring the additional levels of treatment shall participate in the costs of such treatment based on their relative contribution of waste characteristics to be treated and the costs of providing such treatment.

IX. SETTLEMENT OF DISPUTE OR CONTROVERSY

Should any dispute or controversy arise in connection with the books, records or accounts of any party to this Agreement or in connection with the acquisition, construction, maintenance, operation, repair, reconstruction or enlargement of the Joint System or in connection with any of the affairs or operation thereof, or the execution of the term of this Agreement, the governing bodies of the parties to this Agreement may elect to arbitrate the dispute or controversy in accordance with the rules of the American

Arbitration Association or by any other mutually agreeable method of settlement.

X. MISCELLANEOUS PROVISIONS

(A) Duration. The Authority shall continue until this Agreement is rescinded as herein provided.

(B) Rescission and Termination. This Agreement may be rescinded and the Authority terminated by written agreement of all member agencies. Upon termination of the Authority, its assets and liabilities shall be divided among the then member agencies in proportion to their then ownership interests.

(C) Withdrawal. Any member agency may withdraw from the Authority at any time upon giving each of the other member agencies one hundred and twenty (120) days written notice prior to the end of the fiscal year; provided, however, in the event the withdrawing member agency has any rights in any facility of the Authority or obligations to the Authority, said member agency cannot sell, lease or transfer said rights or be relieved of its obligations, without the execution of a written agreement executed by it and another member agency. The term "obligations" as used herein shall include, but not be limited to, bonded indebtedness and capital replacement costs. Upon termination, a withdrawn member agency will be treated like all the other member agencies in regard to the provisions of Article VIII (B) hereof.

(D) Amendments. This Agreement may be amended only by the unanimous consent of all member agencies.

(E) Severance. If any section, subsection, sentence, clause or phrase of this Agreement, or the application thereof to any of the member agencies or any other persons or circumstances, is for any reason held invalid, the validity of this Agreement, or the application of such provision to the other member agencies or to any other person or circumstances, shall not be affected thereby. Each of the member agencies hereby declares that it would have entered into this Agreement, and each section, subsection, sentence, clause or phrase thereof, regardless of the fact that one or more sections, subsections, sentences, clauses or phrases, or the application thereof, to any member agency or any other person or circumstances be held invalid.

(F) Filing with the Secretary of State. The Secretary of the Authority shall file with the Secretary of State a notice in accordance with Government Code Section 6503.5, and shall file notices, as appropriate, in accordance with Government Code Section 53051.

IN WITNESS WHEREOF, the parties hereto have caused these presents to be executed on the day and year first above written.

PACIFIC

JOINT LETTER OF UNDERSTANDING
BETWEEN THE CITY OF HALF MOON BAY
AND THE COASTSIDE SEWER SERVICE AGENCY

This joint letter of understanding sets forth the agreement reached between the City of Half Moon Bay and the Coastside Sewer Service Agency on January 22, 1976, pertaining to the following determinations and courses of action to be taken jointly by the parties signature hereto.

DETERMINATIONS

1. In view of the alternatives now available to the joint agencies, the full consolidation of sewage treatment facilities, as envisioned in Plan F of the Supplemental Project Report - Phase I / Final Project Report submitted to the state on August 13, 1975, is the best apparant alternative, provided that full Clean Water Grant funding can be secured based on the collective design capacity of each agencies' existing treatment plants (1.8 mgd).
2. Based on the general proportion of population among the agencies, and on the expected benefit to each agency of the facilities described in 1. above, the local share of costs shall be divided roughly 50% to the City and 50% to C.S.S.A., with modification of such share possibly being made based upon actual benefit and total past investments in existing plant facilities.

3. An alternative project to that described in 1. above, known as the "bare boned" version of Plan A (partial consolidation) of the Supplemental Project Report - Phase I / Final Project Report submitted to the state on August 13, 1975, must be pursued simultaneously with the alternative set forth in 1. above in the eventuality that full funding of this total consolidation alternative is not forthcoming and has to be abandoned.

4. In the event that only the partial consolidation plan, as described in 3. above, has to be implemented in order to strictly comply with the NPDES requirements, then the local share of costs associated with this plan shall be born by each agency on the basis of direct use and benefit with the City not sharing in any of the costs of the intertie transmission lines or C.S.S.A. treatment plant improvements.

COURSES OF ACTION

1. The City and C.S.S.A. shall jointly pursue, through any appeal steps necessary, a Clean Water Grant offer based on the collective design capacity of each agencies' existing treatment plants (1.8 mgd), and if successful, implement the fully consolidated sewage treatment system known as Plan F; simultaneously with this action, they shall jointly pursue the expeditious advancement of the "bare boned" version of Plan A, submitting all basic material to the state within 60 days, so that in the event that full funding is not forthcoming for Plan F, they can and will immediately implement the "bare boned" version of Plan A at the earliest possible date.

2. As existing lead agent for the step one grant, and in pursuit of the dual course of action set forth in 1: immediately above, the City shall prepare and submit all materials necessary for full state consideration and determination of the alternative projects; upon full execution of a comprehensive joint powers agreement, establishing a joint sewer planning and implementing agency to be known as the SEWER AUTHORITY MID-COASTSIDE (SAM), the authority and responsibility of the City as lead agency shall immediately transfer to that organization.
