SUBJECT: PROPOSED NON-DOMESTIC WASTE SOURCE CONTROL PROGRAM
(NDWSCP) FEE SCHEDULE FISCAL YEAR 1995-96
(FILE NO. AM950707)

I PROPOSED NDWSCP FEE SCHEDULE OVERVIEW - RECOMMENDED ACTION

The following is the proposed FY 1995-96 NDWSCP Fee Schedule. The development and format of this Fee Schedule is consistent with that provided last year. Staff recommends that the Board adopt a Resolution calling a hearing for consideration of a proposed schedule of permit fees for use in conjunction with the Non-Domestic Waste Source Control Program for Fiscal Year 1995-96.

The hearing would be held August 28, 1995. Notice of the hearing would be posted. The notice would advise that materials describing how proposed fees have been developed, and a schedule of proposed fees, are available at the Authority Office.

II PROPOSED FY 1995-96 NDWSCP FEE SCHEDULE

The following is the methodology utilized in preparing the proposed Fiscal Year 1995-96 NDWSCP Fee Schedules.

There are three components to the NDWSCP Fee Schedule:

- A. NDWSCP Preparation Fee Schedule,
- B. NDWSCP Annual Operating Cost Fee Schedule, and
- C. NDWSCP Fees for Permits Issued During the Course of a Fiscal Year.

A. NDWSCP PREPARATION FEE SCHEDULE

The NDWSCP Preparation Fee Schedule (Table 1) allows the Authority to collect from Permittees the costs associated with preparing the NDWSCP Ordinance and other Program elements.

This is a one time fee for first time NDWSCP Permittees. Consequently, Table 1 is also a summary listing of New Permittees for Fiscal Year (FY) 1995-96.

The methodology used to develop the NDWSCP Preparation Fee Schedule for FY 1995-96 is the same as that used for the FY 1993-94 Fee Schedule. Please refer to the FY 1993-94 Fee Schedule for a description of this methodology.

B. NDWSCP ANNUAL OPERATING COST FEE SCHEDULE

The NDWSCP Annual Operating Cost Fee Schedule allows the Authority to collect from Permittees the costs associated with carrying out the NDWSCP program for a given fiscal year. In this case, the fee schedule is developed for FY 1995-96 costs.

The following is a description of the tables used to develop the fiscal year 1995-96 NDWSCP Annual Operating Cost Fee Schedule.

1. Table 2 "Determination of Annual Operating Cost Fee"

This table identifies the number of inspections per Permittee per year, determination of cost per inspection and determination of Permittee Fee, as follows:

a) Number of Inspections Per Permittee Per Year

The number of inspections per permittee per year is based on Permittee Category and, for certain categories, Permittee Flow. The number of inspections is designed to insure Permittee compliance with the program, with Permittees with a greater potential for impact on the sanitary sewer system receiving a proportionally greater number of inspections.

Categories are as follows:

- o R is Restaurant
- o F is Food / Meat / Fish Processing
- o A is Automotive
- o W is Car Wash
- o M is Medical / Dental / Mortuary / Laboratory
- o X is Agriculture
- o C is Construction
- o P is Photo Processing / Printing
- o L is Dry Cleaning
- o S is Holding Tank Waste
- o H is Meeting Hall

Note, for Permittees receiving a single inspection, the inspection is a Field Inspection. For Permittees receiving multiple inspections, inspections may consist of Field Inspections, Meetings and Research.

b) Determination of Cost Per Inspection

- 1) The Hours Per Inspection is based on experience.
- 2) Cost Per Hour For Program is the program budget divided by the total annual inspector hours (2 days per week.)
- 3) Cost Per Inspection is the Hours Per Inspection multiplied by the Cost Per Hour.

c) Determination of Permittee Fee

The Annual Operating Permit Fee is based on the annual inspection cost for a Permittee. The calculation is presented in the Table.

2. Table 3 "NDWSCP Annual Operating Cost Fee Schedule"

This table presents the Annual Operating Cost Fee for each Permittee. The table includes Permittee flow (when applicable) and the number of inspections per year.

C. NDWSCP FEES FOR PERMITS ISSUED DURING THE COURSE OF A FISCAL YEAR

Table 4, "Determination of Fee for Permits Issued During the Course of a Fiscal Year" presents the methodology for assessing the NDWSCP Preparation Fee and the Annual Operating Cost Fee for Permits issued during the course of the fiscal year.

DETERMINATION OF FEE FOR PERMITS ISSUED A DURING THE COURSE
OF A FISCAL YEAR

FISCAL YEAR 1994-95

A. NDWSCP PREPARATION FEE

Permittee will be assessed the full one time only NDWSCP Preparation Fee. The methodology used to calculate the fee is the same as that used for the FY 1993-94 Fee Schedule.

B. ANNUAL OPERATING COST FEE

Permittee will be assessed a pro-rated Annual Operating Cost Fee, based on the number of months that the Permit is valid for the 1995-96 fiscal year.

The Permit fee will be calculated, based on the methodology described in Table 2. The fee amount will then be divided by twelve (12) and then multiplied by the number of months the Permit is valid for the 1995-96 fiscal year.
